Carry Scotland With You
Handmade in Scotland using Heritage Materials

WOVEN TO THE GAME

Made in Scotland, Fyfe Golf creates hand-crafted goods for discerning golfers. Each piece reflects the heritage of Scottish craftsmanship, merging time-honoured methods with modern refinement.

CRAFTING YESTERDAY'S FUTURE

Our pledge is to create the finest hand-crafted goods for golfers. Every stitch and step at Fyfe Golf reflects our devotion to the game of golf and the enduring Scottish tradition of craftsmanship —two cherished traditions woven together and worth preserving. We invite you to carry a part of Scotland with you on your journey.

WHERE TRADITION LIVES

Fabric from heritage mills, steeped in history and expertise, is brought to life at our Fyfe workshop. Age old methods meet contemporary design, ensuring each piece carries the tradition of Scottish craftsmanship.

CRAFTING WITH CONSCIENCE

Through our commitment to considered and responsible methods, we carry forward yesterday’s promise with a mindful approach. By safeguarding Scotland's natural beauty and achieving carbon neutrality, we ensure that every piece we create honours the land that inspires us.

JONES

Jones Sports Company has crafted iconic single strap carry bags for the game of golf since its founding in 1971.

The Jones brand has long sought to simplify the golf bag, ridding it of frivolous design and unnecessary clutter, to create a bag that players truly enjoy carrying.

Jones is dedicated to recreating vintage flair and capturing nostalgia, all the while paying tribute to the legacy of the game by utilizing pure and traditional designs.

2027 Material Story

Material innovation sits at the heart of the Jones 2026 product story. While our foundation remains anchored in recycled ripstop, that commitment goes beyond sustainability alone. Each fabric is selected and developed to deliver the exceptional durability, weather resistance, and distinct hand-feel that define Jones Sports Co., proving that responsible design and high performance are not mutually exclusive.

From our specialized Vegan Leather, to rugged 22oz canvas, to multiple engineered variations of recycled ripstop, every material in the 2026 lineup serves a clear role. Each tells its own story through texture, weight, and patina, offering different benefits across travel, carry, and everyday use. The result is a collection defined by thoughtful materiality, purpose-built, responsibly made, and unmistakably Jones.

300 d R/S-R

A Jones staple, this 300d recycled poly ripstop uses a 100% recycled 3x3mm weave that delivers a smooth hand feel without sacrificing durability. Lightweight yet resilient, it stands up to daily use on and off the course. Finished with a water-resistant coating, it's built to handle whatever the round brings.

1260d-Plain

The 1260d plain poly is an ultra-durable, heavy-duty fabric engineered for maximum toughness and long-term durability. Its exceptionally dense construction, paired with a water-resistant finish, makes it a ideal fit for the Original Jones, where proven performance and reliability are non-negotiable.

Vegan Leather

A premium alternative crafted from synthetic PU, this 100% animal-free material offers a more environmentally conscious option than traditional leather, helping reduce water pollution, water consumption, and greenhouse gas emissions. Beyond sustainability, it's water-resistant, durable, and easy to maintain, delivering a refined, high-quality finish without compromising performance or style.

Original Textured PU

A longtime staple in the Jones lineup, this textured PU vinyl pairs a soft, refined hand feel with a consistent litchi-grain pattern that mirrors top-grain leather. Built for daily wear, it resists abrasion and scratches while maintaining its clean, elevated look. Durable, breathable, and low-maintenance, it's a premium material chosen for both performance and longevity.

300d R/S-R+ Wax

The same Jones staple with a twist, this 300d 100% recycled poly ripstop features a wax effect top coating that develops a unique, natural patina over time. Lightweight, durable, and water-resistant, it's designed to age with character. As always, it's built to handle whatever the round brings.

22oz Canvas

This tightly woven fabric, brings unmatched durability, strength, and versatility. Whether you're out on the course, on the road, or just heading through everyday life, canvas adapts to your journey. It resists wear, stands up to abrasion, and only looks better with age.

The Trunk Caddie is the perfect organizer for the back of your car or trunk. Designed with convenience in mind, it folds neatly with a snap closure when not in use and expands accordion-style to hold all your essentials. Featuring multiple compartments, it keeps your gear secure and organized, making it ideal for trips to the course or everyday errands. Durable and compact, the Trunk Caddie ensures your trunk stays tidy and efficient.

The Utility Cooler

& Wine Porter

The utility cooler is our most versatile, compact cooler perfect fit for any occasion. Large enough to accommodate 8-12 cans or 4-5 wine bottles while small enough to fit in the back basket of a golf cart. This cooler features a waterproof seam-sealed top zipper and 2 Beastie D Rings that allow for easy attachment of any clip-on accessory. Made from recycled ripstop F-35 fabric, this cooler has excellent durability, flexibility, and most importantly keeps your beverages cold for an entire 18-hole round.
